

ROYAL COLLEGE OF
PHYSICIANS AND
SURGEONS OF GLASGOW

HE/JR

23RD January 2026

FAO Prof Angel Ramos-Macias, IFOS General Secretary

Dear Professor Ramos-Macias,

Re: Letter of support - Royal College of Physicians and Surgeons of Glasgow

The Board of the Royal College of Physicians and Surgeons of Glasgow is proud to offer its wholehearted support for ENT UK's bid to host the International Federation of Otorhinolaryngological Societies (IFOS) World Congress in 2030.

Glasgow is honoured to welcome ENT UK's flagship event, the British Academic Conference in Otolaryngology (BACO), in 2026. This prestigious conference consistently delivers education of the highest calibre to Ear, Nose and Throat surgeons and allied professionals at every stage of their careers. Renowned for its global reach and its exceptional academic programme, BACO stands as a benchmark of excellence within the international ENT community.

Hosting the IFOS World Congress in Glasgow would build on this legacy of excellence. Glasgow offers unparalleled accessibility for delegates and speakers worldwide, along with the unique significance of convening in the UK as the National Health Service marks its 80th anniversary in 2030. It would be a fitting moment to showcase the UK's leadership, innovation, and collaborative spirit within the field of otolaryngology.

We are therefore delighted to extend the full and unequivocal support of the Board of the Royal College of Physicians and Surgeons of Glasgow for ENT UK's bid to host the IFOS 2030 World Congress.

With best regards,

A handwritten signature in black ink, appearing to read 'Hany Eteiba'.

Professor Hany Eteiba
President
Royal College of Physicians and Surgeons of Glasgow
