Re: RCSI Support ENTUK with their bid to host the IFOS World Congress 2030 in London

Dear Amanda,

I hope my letter reaches you well. By means of introduction, my name is Professor Deborah McNamara and I am the President of RCSI University of Medicine and Health Sciences, based in Dublin, Ireland.

Founded as the national training body for surgery in Ireland, RCSI has been at the forefront of healthcare education since its establishment in 1784. Today, we are an innovative, world-leading international health sciences education and research institution offering education and training at Undergraduate, Postgraduate and Professional level.

On behalf of the RCSI it gives me great pleasure to support the ENTUK with their bid to host the IFOS (International Federation of Otorhinolaryngological Societies) World Congress 2030 in London.

RCSI believe hosting the event in London would offer ease of access for our ROI members to attend this important World Congress.

If RCSI can be of further assistance with your bid please do not hesitate to reach out to us.

Yours sincerely,

Professor Deborah McNamara

President
